BUYING GUIDE

90 **Cambiata 2005 Tannat (Monterey); \$26.** Last year, Cambiata's Tannat explored new ground for this variety in California. The 2005 advances that cause. The wine is full-bodied like a Cabernet, but not nearly as extracted in fruit, more acidic and far drier. With its herb and coffee-tinged wild berry flavors, it will beautifully support steaks and chops, not compete with them.
